

CURRICULUM VITAE

Jens Vetter, PhD

Jens Vetter (born 1980) is a German media artist, musician, and researcher based in Vienna. At the intersection of sound, art, and technology he creates interactive sound objects and installations that use experimental sound and metaphoric interaction, blurring the boundaries between art, performance, and composition. His work has been presented at international exhibitions and festivals such as Lab30 (DE), Mutek SF (US), Ars Electronica (AT) or Speculum Artium (SI).
